

Madam: Don't Wear Out Your Clothes in the Laundry

20 Mule Team Borax

(ABSOLUTELY PURE)

will prolong the life of your clothes. Used with any good soap, it will keep them snowy white—the colored garments bright—your woollens soft and light—and prevents shrinking.

Most Washing Powders contain caustic soda which does more damage to the clothes than all your use of them. Save your clothes—20 Mule Team Borax is pure, cleansing and will not injure the finest fabrics.

Borax in the bath softens the hardest water, thoroughly cleanses the pores and promotes a healthy condition of the skin.

BORAX SOAP CHIPS

Borax Soap Chips, used in place of soap, will reduce your soap bill one-half. A 25c package will produce better results with less rubbing than 50c worth of any kind of bar soap.

**AMERICAN BEEF FOR DUTCH.**

To Be Delivered for Thirteen Cents a Pound.

Berlin, Sept. 26.—It is officially announced that the Prussian government, which was the deciding voice in the Bundsrath, has drawn up proposals to alleviate the meat situation. These will be submitted to the Bundsrath in a few days. Details are withheld, but, according to a speech at Baden of the Minister of the Interior a reduction of

the duties on meat or the importation of Argentine beef is out of the question. The principle here lies in facilitating the importation of live stock from Scandinavia by the reduction of freights and some modification of the inspection regulations under which the importation of cold storage beef, particularly Australian beef, is impossible. A despatch from Frankfurt says that an American firm has contracted with the municipality to deliver in Holland beef at 52 pennings (13 cents) a pound, which is to be retailed at three-quarters the prevailing prices.

REPUBLICANS FOLLOW WILSON

With the Examination—Confident That It Will Be Unshaken by the Defense—Waldo to Be Asked Questions About Becker.

Roosevelt at Memphis Speaks on Levees—Several Bull Moose Conventions Are To-day in Session.

New York, Sept. 27.—District Attorney Whitman, professing great satisfaction with the result of the examination of witnesses at Hot Springs, arrived in New York yesterday from the South west, confident the trial of Lieutenant Becker, charged with the murder of the gambler Rosenthal, would go on on Oct. 7. "I have corroborated the points in Sam Schepps' story," said Mr. Whitman, "and the defense was not able to shake us to any material degree."

WHY WAS BECKER KEPT?

Police Commissioner Waldo Is to Be Asked.

Police Commissioner Waldo will be asked two questions, it is said, when the aldermanic police inquiry is resumed on Saturday. The questions are: "Who influenced you to name Lieutenant Charles Becker as the head of the vice squad and place in his hands the suppression of gambling?" "Why did you keep him in that position, though for months prior to his arrest it was a matter of common gossip that he was selling protection to gamblers?"

It is known that Waldo received at least one letter more than a year ago, telling him that Becker was a grafter and giving instances of his collections. That letter was written to Mayor Gaynor and forwarded by him to the commissioner. Commissioner Waldo will be asked what investigation he made to ascertain the truth of the allegation of graft contained in that letter. He will be asked what other steps he took to keep watch on Becker and other officers of the department charged with the duty of suppressing gambling.

It is possible that in the Becker connection District Attorney Whitman may be called as a witness. Mr. Whitman has made the statement that prior to the murder of Herman Rosenthal Commissioner Waldo, then on friendly terms with the prosecutor, told him he was suspicious of Becker.
